## I AM SIGNING OFF

On account of having to devote my full time to The Nebraska Farmer, I am passing the management of this sale on to Will Johnson after this year. I am indebted to the buyers and consignors for the pleasure and profit I have gotten out of managing these sales, and I hope that they may go along for another fifteen years at least, and serve a market that is well established and where buyers and sellers usually have been satisfied. I also want to commend the selling force that has worked with me faithfully on these sales. Their services have added much to the success of them. Here's hoping for a good sale this year!

## Announcement

My aim in conducting these breeders sales is to bring buyer and seller together on the fairest possible understanding of the value of the consignments. Few, if any, who attended this sale will question the value of good breeding stock. That point has long since been proved to the definite credit of both pure bred livestock and pure bred breeders. What a fair price is and how much the buyer gets for the price is all that can enter into transactions in this or any other sale of pure bred livestock either publicly or privately.

Value in pure bred stock may be definitely fixed on these three points —the individual, the pedigree and the breeders behind the pedigree. So far as this offering is concerned I am definitely pleased with the pedigrees and the breeders behind them,—meaning not only the breeders who are consigning the cattle, but also those who bred the sires and dams and on back for several generations. I am personally acquainted with all but two of the consignors and have sold cattle for all but two of them. They are men of integrity and constructive breeding ability and I shall be very much surprised if the individual merit of this offering isn't what it should be. If it is then I know the consignors will not take out as much as they have put in. What a pure bred breeder puts into his breeding stock cannot be measured in dollars and cents. I make this statement after more than twenty years personal contact with them as fieldman for The Nebraska Farmer and if the buyers in this sale could know the just dues of these men for their time, pains, anxiety, study and care, the sale would move rapidly and the prices be fair. Here's what I mean.

These breeders are interested first, in producing cattle that please themselves. They have a model of perfection in mind and are constantly striving to produce the perfect animal and the most efficient animal for converting feed into beef and for transmitting this quality. That's their business. Therefore they are entitled to the same margin of profit for this effort that any manufacturer is for the improvements that are put into our farm machinery and I believe that buyers are becoming more conscious of this point every year.

Our breeding stock on these farms and ranches is a necessity and should be accorded more consideration than luxuries and semi-luxuries, which we all buy rather easily, but we have to turn to our livestock and crops to pay for them.

Clyde Miller, Mahaska, Kas., whom many cattle breeders know as a business farmer and stockman and owner of a splendid herd of cattle, has this to say in an article on "A Policy For Nebraska farmers.":

"I have found that a farmer's credit grows at the bank when he keeps as much as possible of his capital in good young stock and in crops that are growing into money every day and as little as possible in things that are growing out of money every day." It's a good point. I am sure that we can go along with this sale in a business like manner to a successful close. Regardless of prices, each buyer will be treated fairly and courteously and if there is anything we can do to make your trip more pleasurable and profitable, we shall be glad to do it.

Cordially yours,

H. C. McKELVIE, Sale Manager.

NOTE.—Sale starts promptly at 12:00 noon.

## Please Observe This Request About Settling

Frequently buyers want to get away as soon as they have done buying. We want to accommodate all we can in emergencies of this sort but remember, we must be fair to the men who have cattle to sell and we can't be with a lot of confusion in settling during the sale. Therefore, we shall not have any settling done until after all of the bulls are sold, which will be early in the afternoon, and then the clerk will be found in an office just south of the sale where settling, shipping directions, health releases, etc., can be taken care of without any disturbance to the close of the sale. Col. Henderson, in charge of clearing the cattle when sold and Frank Anderson, clerk of the sale, will be in this office and can give all the information needed to get settlements made and cattle out without coming to me.

## General Information

**FREIGHT RATES**—It has been our custom the past few years to devote a page in the catalogue to freight rates. This was done to inform buyers on the half rate applicable to shipments in less than car lots. This rate had been running on this basis in one year periods until December 31, 1926. At that time the carriers renewed the half rate and did not put on any closing date for it and we are, therefore, led to believe that it will be continued indefinitely. This has been a fine thing for the breeders of pure-bred cattle and horses and no one can justly stay out of the market on account of freight rates for less than car lot shipments, regardless of distance, as the present rate is reasonable.

The following estimates for freight charges, if shipment goes all the way over the same system, are approximately correct. One animal, either bull or female, will cost a minimum of \$7.00 for any distance. This applies up to 50 to 60 miles. From 60 to 110 miles, \$8.00 to \$10.00; 110 to 225 miles, \$10.00 to \$15.00; from 225 to 450 miles, \$15.00 to \$20.00. Add about a half more for two head and about double the above amounts for three head. If a transfer is made from one road to the other the rate is a little higher as it is on a basis of two locals, but one-half of the first class rate of the two locals applies.

We aim to have the rate quoted on the contract when shipment is made. In case this quotation is not acceptable to the local agent of the buyer and any controversy should arise between a buyer and his local agent, upon arrival of a shipment, the buyer is urged to write to the Sale Manager promptly. We have no difficulty in getting rates satisfactorily adjusted when taken up in the right way.

**MAIL BIDS**—Every year I receive a number of mail bids from parties who cannot attend the sale. These may be sent in care of The Castle Hotel, Omaha, Nebr., or parties may send mail bids to Wm. F. Lauer of The Nebraska Farmer; M. T. White of Wallaces' Farmer; or Will Johnson of the Shorthorn World. Same should be sent in my care to the Castle Hotel.

## This Is A Big Sale

Here are a well bred lot of cattle from as good herds as I know of. I cannot urge attention to the females too strongly as they are a valuable lot. Buy them, and they'll pay big returns.
